## **United Federal Systems Wins Seaport-e Award**

**June 28, 2011 (RESTON, VA) - United Federal Systems, Inc. (UFSI)** has received a prime contract award for SeaPort-e. SeaPort-e is the Navy's preferred vehicle for acquiring support services for their Systems Commands (NAVSEA, NAVAIR, SPAWAR, NAVFAC, and NAVSUP), the Office of Naval Research, the United States Marine Corps, and the Defense Threat Reduction Agency (DTRA). The United Team responded to 18 of the 22 functional areas and 5 of the 7 Zones called out in the solicitation. Teammates include **Advanced Management Strategies Group, Inc. (AMSG), ASPEX, iGov, Reinventing Geospatial (RGi), SelectTech Services Corporation (SelectTech), Xterra Corporation, and United Computer Products - OPTIA®**. James Elder, Vice President at UFSI, says "this contract vehicle was critical for UFSI to continue to support Naval programs and development efforts". The contract will be administered out of the UFS Reston, Virginia office.

### **About United Federal Systems**

United Federal Systems, Inc. is a leader in tactical computing technologies and engineering services providing high performance C4ISR tactical solutions since 1989. Services include custom hardware design and rapid prototyping, OEM manufacturing, system engineering, development and COTS integration, installation, fielding and training, and post-fielding support. United's **OPTIA®** brand of rugged hardware systems and products includes rack-mount and portable servers, workstations, monitors, and storage units. For further information on how UFSI can help with your C4ISR HW needs please send inquiries to [info@optia.com](mailto:info@optia.com) or contact us directly at (703) 956-9377.
