

OPTIA® 13" Rugged Convertible Notebook

OPTIA®

DESCRIPTION

The OPTIA® Rugged Notebook with convertible-tablet LCD is produced for the military, intelligence and law enforcement user that demands performance in the most severe tactical environments. The OPTIA® Notebook meets the Military Standard 810F specification for drop, shock and spill resistance. It is completely enclosed in magnesium alloy, has rubber corner protectors, and has protection doors for all IO ports and connectors. The user finds it easy to use in the field with its convertible sunlight readable 13.3" LCD and touch screen sensitivity. **Discriminating features such as 4 GB memory, storage up to 500 GB, internal DVD drive, integrated carry handle and standard fingerprint scanner combined with cost-effective pricing provides buyers a best-value and best-quality alternative.**
